I'll trap my ass

Got a bad bitch...
Oops my bad...

Hoody was that... right... on me
... you got... you did it...
Vision
Some... I use... I got so much...
So unload that... see that...
Round and round...
That's... too final me

... say my name, say my name

... say my name

I'm about to show my ass
... long day
... and I trash, my home back
Count it in the out of shit
Long of day... I stands out
Maserati swear to God klike corporate bitch...
Kickin shit... baby sign that... drinking... true religion

Outside my hands on...
Got a bad bitch...
