Everyday a different show everynite a different suite

Recording with a different artist makin hits on differnt
beats

Come to v.l.p baby where the drinks is free

And we party all nite and nobody ever sleeps

Come to v.l.p and baby kick it with a rapper

The after parties poppin mite get laid wit an actor

Come fuck wit me baby come fuck wit a star

And if you fuck wit me baby I promise you can go far

So what's the deal for tonite shawty what you gone do

I'm in v.l.p and if you want you can come too

Verse 2: she said she never been so I took her to v.l.p

And security started trippin I'm like hold on she's wit
me

She came to v.l.p and ever since that nite

People been askin her like a aint you young jayes wife

Come get a champagne shower baby just come to v.l.p

Where you can have you whatever you like but no t.l.p

Come to v.l.p where the most hated people are found

We can smoke dumb weed fuck a dime lets blow a
pound

So how you like that you tell me how that sound

And if you not busy tomorrow then we can go another

So what now I guess it's pay day
