[verse 1]

Born september 28 my life far from great  
No food on the table so we fought for steak  
But im so close to jail feels lyke im so close to hell  
Moms smokin rocks same shit im sellin  
So who's wrong her or me  
She addicted to tha high im addicted to tha cash  
Almost put my hands on here when i caught her in my  
stash  
How could i do like dat lord knows im wrong  
Why would i do her like dat lord know she strong  
I kno it's been hard but we made it baby  
10 years clean so she still my lady i must be dreamin

[hook]

Dreamin' (always think about it) (i must be) (man i must  
be)  
Dreamin' (always think about it) Dreamin' (ooooo rite)  
Dreamin' (always think about it) (must be) man i must  
be  
Dreamin' (always think about it) Dreamin' (oooo yea)

[verse 2]

1 thing about it i got luv for you homie  
2 things about it i take a slug for you homie  
Look atchu now u's a buisness man  
Im proud of u dawg handle ya buisness man  
U like the brother i neva eva had  
U try ya best n i still get mad  
We risk's it all togetha been thru it all togetha  
Caught cases n we still togetha

Headed OT i sleep while u driven  
Me n my dawg ya we chippin on 5's  
Rememba back when we shared our clothes  
Look at us now we sell our shows i must be dreamin

[hook]

[verse 3]

I was young n dumb wit a pocket full of cash  
Posted on the block wit a pocket full of glass  
Full speed still runin from my pass  
But it's startin to catch up ya it's gainin on my ass  
There's 2 types of niggas prediter n prey  
Ima prediter i prey 3 times a day  
Man u wants said one day u'll hav kids  
N how u gonna explain all dat shit u did  
Ima soul survivor we far from a crook  
She always said i was a lot smarter then i looked  
So i took my dreams n made it some thousands  
Then i took my life n i made it a album i must be  
dreamin'

[repeat hook till fade]
