Yeah, it's been a mother fucking time
... go get it, guess who's back!
Yeah!

Chorus:

Let's go!

Just like that, nigger you don't know how to act

But when the nigger it is

They get to...

Just like the DJ they know, they get to bring it back

You niggers hit up the floor,

They get to bring in the sack

I say just like that, bitches don't know what to do

And when we hit up the club

You know them... coming through!

I told 'em hit up a girl,

Tell 'em that they can come through

And not a bitch out the chain,... I did what I do!

I say now just like that!

Bitches are screaming, I can hear bitches calling

Give a fuck if they like it, tell 'em niggers I'm bowling!

These niggers holding me...

As you see, I ain't...

They want me trip on my strings, want me fall on my
face

... for a hundred, and it fell in my face

Sexy, no alcoholic, pussy drink like a...

Told her, do me a favor

And put your mouth on this...

I know just how she like it

See, might think I'm a psychic

Chorus:

Let's go!

Just like that, nigger you don't know how to act

But when the nigger it is

They get to...

Just like the DJ they know, they get to bring it back

You niggers hit up the floor,

They get to bring in the sack

I say just like that, bitches don't know what to do
And when we hit up the club
You know them... coming through!
I told 'em hit up a girl,
Tell 'em that they can come through
And not a bitch out the chain,... I did what I do!
I say now just like that!

You see me back on my city, you can tell her I'm
swaging
And you know that I got it, you can tell I am bragging
... with these big faces,...
I'm... feel like I'm stuck in the matrix
I'm talking so much white, you would think I was racist
Say I came from the bottom
I'm talking under the basement
Through the roof all these... like we just had a tornado

There's a nigger... I call him Caleb...
Fornicate in my pocket, that shit is thick as the...
Super star in my hood, so that would make me an idol!
LA, hell of a night, so I'mma save me a prayer
... would make me a prayer!

Chorus:
Let's go!
Just like that, nigger you don't know how to act
But when the nigger it is
They get to...
Just like the DJ they know, they get to bring it back
You niggers hit up the floor,
They get to bring in the sack
I say just like that, bitches don't know what to do
And when we hit up the club
You know them... coming through!
I told 'em hit up a girl,
Tell 'em that they can come through
And not a bitch out the chain,... I did what I do!
I say now just like that!

I got 'em bouncing and leaning,
I got 'em drinking and smoking
I told her, "take off your clothes!"
What she say?
That she's open!
If... my nigger bowl like a dog
Them... so big,...
I'm the life of the party
Bring the party some life
You know, I'm...
Why? Cause I said it twice!

We're talking straight to...
We're taking shots to...
Must be drinking amnesia, cause I forgot what I said
Stacking so much bread, I'mma need me a toaster
My partner ride with his chopper, this nigger think he a
soldier
... you never say I ain't told ya!

Chorus:

Let's go!
Just like that, nigger you don't know how to act
But when the nigger it is
They get to...
Just like the DJ they know, they get to bring it back
You niggers hit up the floor,
They get to bring in the sack
I say just like that, bitches don't know what to do
And when we hit up the club
You know them... coming through!
I told 'em hit up a girl,
Tell 'em that they can come through
And not a bitch out the chain,... I did what I do!
I say now just like that!
