Shawty was a thick caramel chick bad and sady
And even tho I was drunk the next nite she still looked
pretty
And an apple bottom ass with a tripple d titty
And all her friends want a hello like my last name is
kitty
And all her friends want a hug bt I aint no fucking teddy
bear
I cover all her expenses like her medi care
I give her luxury get her heart whatever she desire
And I wanted hillary duff but I got lizzie mc.guire
And she noe I never I never fuck with them t.l hoers
Cause I'm ballin doin big shit nigga g.l joes
And I'm the hardest nigga in levi clothes
And I get her whatever she desire ask about me t.l
knows

And I know I'm not singing it wrong
Cause I aint finna write no fucking love song
And I know I'm not singing it wrong
Cause I be damned if I hear another love song
And I noe I'm not singing it wrong
Cause the only music that I make is a thug song
And I noe I'm not singing it wrong
Cause I be damn if I heard another dumb song
