I aint lookin for a wife I'm lookin for a fun girl
Dress her up and treat her nice bring her to my fun world
I know you prolly hungry baby we can grab a bite den
Later on tonight, introduce her to my gangsta friend
The first time I saw you girl a gangsta had to stop and look
Lately you been on my mind me and you a good look
No strings girl, no pressure
I just wanna see you smile I aint even tryna stress ya
And I know what you thinkin
How can a nigga this hood just say the right thing to make ya feel so good

[Chorus x2:]

Quit actin shawty
