Last nite was so crazy  
I woke up this mornin feelin kind of lazy  
I was too turnt and no I'm not trippin  
I'm just riding slidin whippin and dippin  
Ridin slidin whippin and dippin  
Whippin and dippin  
I'm ridin slidin whipin and dippin  
Whippin and dippin

Jaye girl get the name rite  
I heard you fuck good but what's that brain like  
I got some new kicks fresh hate and a white tee  
And I don't know why but I just do it like nike  
You can't be my friend nor can you be my roll homie  
And me I'm sick, who dropped the cold on me  
Reach into my pocket find a little gold on me  
And I used to be a kill pussy but the bitch told on me  
I'm live and get more reviews than a critic  
Get like me and slip it and dip it  
I'm turnt up you can't tell me nothin  
This beat won't stop and my music keep bumpin  
Year 12 camaro is what I'm dippin in  
V8 engine is what I'm whippin in  
And ima slide from Inglewood to the state of Michigan  
And when I make it bust a u and do that shit again  
They say jaye you so sweet like Lipton  
And they know I'm ballin like the pistons  
All I do is spit so my mouth I'm never rinsin  
Just slidin ridin whippin and dippin

Black Mercedesz bins 22 inch rims  
And everybody know why I'm hot kind of like mims  
And people stay jealous cause I got more clips than a

film  
And my jeans stay only skinny or slim  
Put the camaro on cruise control and started whip it like  
fuck it  
And they tried to do it to buy you can't whip it in a  
bucket  
Is the engine loud and go some vroom  
And when you press the gas out the back come fume  
And when you press the brakes do you burn rubber  
And do yo rims like stubborn  
Is yo whip tite and your sun roof feel nice  
Is yo whip rite and is you ballin like mike  
Well you guessin mine is I gotta say that's rite  
I'm so fly I'm takin off first flite  
I got a 100 thousand mialage and my tank on e  
But I got so much bank on me  
Can I get 60 and a tank on 3  
And I'm too raw, the homie frank told me  
Wheels real thin cause all I been doin was dippin  
I'm just ridin sliddin whippin and dippin
