Win, win win, win win, win, win win, win win
Win, win win, win win, win, win win, win win
Turn the deuce to a 4 to a 9, made history
Half to a whole over night this is victory
Win, win win, win win, win, win win, win win
A hundred bottles in a club at one time, ain't shit to me
So tonight everything's on me, this is victory

They like God damn young, nigga where that album at
Nigga talking like he fell off, just imagine that
Know anything about young when we ain't havin' that
Flip a 20 milli 20 more he a acrobat
Think I came on this way so ya'll can out a nigga
Took them road trips whole thangs so y'all can doubt a
nigga
Who you think count the money up the rubber band
clan
Put it in the chevy turn the tops the rubber band ban
3 9 24 to deuces that's a 36, show you niggas how to
out cash bought me 30
Bricks
Counting in my man's apartment, in his living room
Paper all on the tv, need some living room

Win, win win, win win, win, win win, win win
Turn the deuce to a 4 to a 9, made history
Half to a whole over night this is victory
Win, win win, win win, win, win win, win win
A hundred bottles in a club at one time, ain't shit to me

So tonight everything's on me, this is victory

Still the trapper of the year where the fuck my trophy at
Ever was a real nigga title guess who's holding that
Popping Rozay in the club guess who tolding that
Standing on the stage making rain guess who showed
em that
And I ain't never took nobody to the spot, half a million
there
Before I ever even seen a mic was a millionaire
Seen Jizzle stunting on Gangland

Diamonds in the chain, if you look a little closer
Diamonds spell his name
Put the hundreds with the hundreds yeah that's right
straighten up the mail
Got enough shit in my head to send me straight to jail
Welcome to a day in the life, they just talking drugs
Co sign half these niggas, I'm the fucking plug

Win, win win, win win, win, win win, win win
Win, win win, win win, win, win win, win win
Turn the deuce to a 4 to a 9, made history
Half to a whole over night this is victory
Win, win win, win win, win, win win, win win
A hundred bottles in a club at one time, ain't shit to me
So tonight everything's on me, this is victory
