It's all the same, it's all the same

It's all the same, it's all the same
All you rappers got work

It's all the same, it's all the same
Everybody did dirt

It's all the same, it's all the same
Everybody whip work

It's all the same, it's all the same
All these bitches gon talk

If you hit one club you done ran through them all
Bought her girlfriend I ran through them all
Open up a brick and still the same cane
All I know you niggers is saying the same thing

Bitch nigga where the bricks at
Put 'em in the hood so you can flip that
All know if you heard hood fucked up
I'm supposed to be here you lucked up
When this shit come on they go silly
You're fucking round wit Mr. put on for my city
Mr. 1 800 motherfucker broke nigga pound
Fuck this sucker duck ass nigga did for the town
Mr. just bought another house 10 doors down
Just to reassure me I don't see no clowns
I never ever think I'm too rich for this shit
Got that 40 cal on me 2 clips for this bitch

If you hit one club you done ran through them all
Bought her girlfriend I ran through them all
Open up a brick and still the same cane
All I know you niggers is saying the same thing

It's all the same, it's all the same
All you rappers got work
It's all the same, it's all the same
Everybody did dirt

It's all the same, it's all the same
Everybody whip work
It's all the same, it's all the same
All these bitches gon talk

They say the game's the same but the players change
But the players change and the game will change
Ain't nothing changed about me but my chain
My paper, my crib, my fame
Everybody sound the same except us but we don't give
a fuck
Man toss that lame a stoole so he can step it up
Man this offence suck at cool brat, no good luck
You know when they actin fool and when they can't act
(Man what about ya money?)
My money long like Cher hair I'm everywhere like air
I'm about here with the hot pants where they don't play
fair
Got hella nicknames like weed strans
Just spark a spliff and get high do by cranes

It's all the same, it's all the same
All you rappers got work
It's all the same, it's all the same
Everybody did dirt
It's all the same, it's all the same
Everybody whip work
It's all the same, it's all the same
All these bitches gon talk

If you hit one club you done ran through them all
Bought her girlfriend I ran through them all
Open up a brick and still the same cane
All I know you niggers is saying the same thing
