Yeah count it up

You already know the deal
You niggas know what I dealt, let just be for real
and while you at it young you just keep your artist still
and peel the rap off the blocks like a banana peel
Tell me can ya see the flake, one glance of that glitter
make ya wanna shake
Adrenaline, rushing blood flowing through your veins
when you close your eyes at night do you be seeing
things
'cause nigga I was seeing things
At least a hundred at a time, and that's on everything
Magic city one-twelve, let me reminisce
A nigga must-a miss something how did it come to this
You got niggas runnin' round like they run the town
Dope game, game over, jizzle's on the map
Now watch me cock it right back and hit a home run
Enough bricks at one time to build a home, son.

They like god damn young, boy, you on one
everybody talkin' bricks but they don't own none
What ya niggas know about counting millions
The only place there ain't money is on the ceilin'

[Chorus:]

Now count it up, count it up, count it up, count it up,
count it up
Take your all ..pocket
Now count it up, count it up, count it up, count it up,
count it up
Put it all ..your pocket.

I'm goin' in, fuck it, I'm goin' in

I was just about to check up the top let's begin,
Let the room start to fill up with smoke no inhalin',
I turn it forward into a nine I'll be in heaven,
...with this nine I'll be a felon,
...for doing no time just know I'm ..
The government don't really approve of what I'm
selling,

...we all know the rules just no tell em,
Even though I can't bring the world no ...
Just a casualty to game more like a ...
...no treat babes ..fifteen hundred and ...when we were
..
And tell me how I go up to at least ...
Just one for the niggas I hit ..do anything
Every day risk it deep in the game
I'm about to ..that nigga ...shit, I feel the same.

They like ...everybody talk ..but they all none,
What your nigga know about counting millions,
...embrace and their money are in the ...

[Chorus:]

Now count it up, count it up, count it up, count it up,
count it up
Take your all ..pocket
Now count it up, count it up, count it up, count it up,
count it up
Put it all ..your pocket, count it up, count it up, count it
up.
