I want a real bitch and I fuck her girlfriend  
Real ride with me, slide with me till the world end  
Do the damn thang, we gonn live like stars  
Till the feds come through and repo the cards  
Till the da kick the door of the crib  
Till the atf know exactly where we live  
First night we met yeah I knew I had to have her  
Right here, right now nigga not a moment after  
With the magic in my hands yeah everytime I grab her  
Last thang she do to me is fuck another rapper  
Life's too short and my money too long  
Together everyday and the bonds getting strong  
Yeah it's like love I don't know what it is  
Last night I had a dream that we had 50 kids  
Just me and my bitch no time for the fellows  
Just me and my bitch think the homies getting jealous  
She whispered in my ear say she wanna fuck with  
And in the same breathe told me she is my gangster  
bitch

[Hook]

Me and my gangster bitch, me and my gangster bitch  
It's all a nigga need  
Me and my gangster bitch, me and my gangster bitch  
It's all a nigga want  
Me and my gangster bitch, me and my gangster bitch  
Even when I'm dead broke fucked up and high  
She gonn roll with me, we can ride, we can die

Don't matter if it's daylight or night time  
Long as me are together feel like the right time  
Might be going overboard, I think she my lifeline  
I don't think another nigga got a bitch like mine  
Must be from heaven cause she feel heaven sent  
Say the right think just to give me confidence  
Tell me don't worry baby walk around the corner  
Sit back and chill nigga smoke the marijuana  
Me and my bitch don't fuss, we don't fight  
And when we all alone like to grip on real tight  
Can't go to sleep unless my baby spend the night  
She on the left side on the bed, I'm on the right

Laid up, late night, smoke and conversating  
Chasey got ... all these bitch niggas hating  
She told me don't worry cause it's hustle get some  
more  
And when the smoke clears, we gonn be standing tall  
Just me and my bitch

[Hook]

Me and my gangster bitch, me and my gangster bitch  
It's all a nigga need  
Me and my gangster bitch, me and my gangster bitch  
It's all a nigga want  
Me and my gangster bitch, me and my gangster bitch  
Even when I'm dead broke fucked up and high  
She gonn roll with me, we can ride, we can die

Just me and my bitch  
Me and my gangster bitch, me and my gangster bitch,

Me and my gangster bitch, me and my gangster bitch  
Just me and my bitch
