[Hook]

You know the world is waiting  
Waiting on 103  
They waiting, they waiting, they waiting, they waiting  
We need some motivation, vation  
So won't you come motivate me?  
They waiting, They waiting, They waiting

[Verse 1]

I done told y'all, and told y'all, and told y'all again  
Play the game, play the game, play the game yeah to win  
I ain't lose, I don't lose, I ain't lose, never lost  
Always on, keepin' on, always on, never off

What the f-ck is you hating for like you done something  
for a nigga?  
Would call you out, but that wouldn't do shit for a nigga  
I made it this far, a fool with my foolish pride  
Look at me what you see? A fool and his foolish ride  
Y'all know damn well I wouldn't lettin' you niggas down  
Just to sit back and watch you led by these f-ckin clowns  
4 hours in, niggas still talking this real shit  
3 classics in nigga, and that's on some real shit  
B! tch, I'm legendary, b! tch I'm a living legend  
Been through straight hell so I can get street heaven  
B! tch I'm Jeezy, the one you've been waiting for  
And them? is off-set, don't they look like they skatin  
ho?

[Hook]

[Verse 2]

B! tch I was born high, and that's how I'm dying nigga  
Eyes wide shut with my finger on the cold trigger  
Be hearing my word, now don't it sound like my soul

bleeding  
Hearing my word, now don't it sound like my soul  
reading  
I do it for street niggas and every nigga that's like you  
Let's see if you can afford one, even niggas that buy  
two  
Can't believe what I'm hearing, can't believe what ya  
saying  
All that I did, God damn, this how you try to play me  
Feeling my words when I be talking that street talk  
No, You be feeling my words when I be talking that  
street smart  
Yeah, school of Hard Knocks, yeah b! tch I graduated  
Straight to them hard blocks and nothing was  
barricaded

[Hook]
