I told y'all niggas I was comin' back hard, nigga  
Oh, you ain't heard this shit since Thug Motivation,  
nigga, okay

Hey, hey, hey, hey hoes ain't shit and money ain't  
nothing  
And if it ain't nothing and then it gotta be something  
And if it something and then it gotta be nothing  
And if he ain't showed the cash then he gotta be  
bluffing

My dog hit me up, he say he got a lick  
Got a bad jump shot, so he might shoot a brick  
Talking records on my line, that's a technical foul  
I don't know what the fuck you talking 'bout, I'm  
hanging up right now

Nigga, you ain't Nick Cannon and this ain't wilding out  
I'm playing my position and I ain't trying to foul out  
Here's the replay, ya we 'bout to find out  
Hey, where's the referee I need to call a time out

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?  
And I could show you how to make a mill right now  
And I could show you how to make a mill right now

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?  
And I could show you how to make a mill right now  
And I could show you how to make a mill right now

Say he just touched down and he need a dutch downed  
Second time he caught a date, think he going out of  
way  
Thirty six holla at 'em, going for the first down  
Feds playing defense every time he come around

We going to the super bowl if I make this field goal  
Understand you gotta be, line man's turning me in  
three  
He tripping 'bout that extra point, that man he want an  
extra joint  
Make sure you bring my extra cash, next time I see  
your extra ass

Huddle up, call the play, ya I'm playing quarter back  
Four way, two way, betcha I bring a quarter back  
Weigh it up, bag it up, pass it to my running back  
A dollar short on my pay, that's a flag all the way

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?  
And I could show you how to make a mill right now  
And I could show you how to make a mill right now

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?  
And I could show you how to make a mill right now  
And I could show you how to make a mill right now

Ninth inning, bases loaded, I'm going for the grand  
slam  
Tax free, tax free, I ain't giving shit to Uncle Sam  
Young in playing softball, you playing softball  
Yeah, I'm playing softball, same colors as golf balls

Catch me in the outfield, that's a whole lot of grass  
Trying to buy the franchise, that's a whole lot of cash  
Them rite I'm saving up, thinking I'm going to buy the  
team  
Watch me get my bounty on, trying to keep my money  
clean

Focus quick, watch the pitch, can't afford another strike  
If I make it through this shit then I can play another  
night  
Money fight, money fight, gotta get my money right  
But first I gotta get this hoes, so make sure that you  
wrapped 'em right

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?

And I could show you how to make a mill right now  
And I could show you how to make a mill right now

If Young's what they want then Young's what they  
getting  
They ask me what I do, I tell 'em teaching for a living  
What you say nigga?  
And I could show you how to make a mill right now  
And I could show you how to make a mill right now
