Chris

In a place that won't let us feel
In a life where nothing seems real
I have found you I have found you

Kim
In a world that's moving too fast
In a world where nothing can last
I will hold you
I will hold you

Chris

Our lives will change, when tomorrow comes

Kim

Tonight our hearts drown the distant drums

Chris

And we have music, all right
Tearing the night

Both

A song
Played on a solo saxophone
A crazy sound
A lonely sound
A cry that tells us
Love goes on and on
Played on a solo
saxophone
It's telling me
To hold you tight
And dance
Like it's the last night
Of the world

Chris

On the other side of the earth
There's a place where life
still has worth
I will take you

Kim

I'll go with you

Chris
You won't believe all the things you'll see
I know 'cause you'll see them all with me

Both

If we're together, that's when We'll hear it again
A song
A crazy sound
A lonely sound
A cry that tells us Love goes on and on Played on a solo
saxophone
It's telling me
To hold you tight
And dance Like it's the last night
Of the world

Kim
Dreams Were all I ever knew

Chris
Dreams You won't need when I'm through

Both
Anywhere we may be
I will sing with you A song -
(They dance together on the balcony)

Both
Played on a solo saxophone
So stay with me And hold me tight
And dance Like it's the last night Of the world
