THIS IS THE HOUR

Engineer

Are you waiting for them to kill me
did you not get what he said?
there's a big screw loose inside you
I will rip it out of your head

that's a mad dog on the rampage
if you think he'll change save your breath
just say "yes" I don't care if you love him
princess, life has it all over death

Kim

I have a husband I love, real as the sun in the sky
I can not live with a lie

Thuy

Do you see now who has power?
Do you still think crazy things?

Kim

Chris will come to me like a phoenix
and he'll take me off on his wings

Thuy

You're a traitor to your country

Kim

If I am then let it be

Engineer, Kim and Thuy

I am talking of life or death now
I am talking of staying free

Engineer

So there it is now
It's time to move on
If you don't need me, I'd rather be gone
Two kids in love don't need strangers around

Thuy

You Just Get Out!

Engineer

Right! I wont make a sound

Thuy

And As for you! Come With Me!

Kim

NO!

There is a secret
that you don't know
there is a force here
I never show
you say its treason
to keep my vows
season after season
I survive, somehow
if you want the reason
I will show you know

Look Thuy, this is my son
he has kept me alive
now you see why
I Must Tell You NO!

Thuy

No one must ever see
this thing your showing me
that bastard fouls our name

Kim

My baby's not to blame
for what I've done

Thuy

You must decide upon which side you're really on
You whored to make this kid

Kim

That isn't what I did
Don't touch my son!

Thuy

You must see how it is
When you're my wife
having that child of his
brands us for life
No alternative
This Child Cannot Live

Kim
NO!
You will not touch him
Don't touch my boy
He's what I live for
He's my only joy

You will not touch him

Thuy
He is my enemy
It's he turns you from me

Kim
Don't touch my boy

Thuy
Erase him from your life, even your memories

Kim
He's what I live for

Thuy
He's one drop in a flood, left here to taint our blood

Kim
He's my only joy

Thuy
Our marriage bond was sworn, forget that he was born

Kim
Don't touch my little boy!

Thuy
Of course you have a gun
And now you'll shoot your cousin'

Kim
And do not test my will

Thuy
and it's a US gun, a gun that lost the war.

Kim
I'm warning you, For Him, I'll Kill

Thuy
You're the corrupted one
Go on and shoot! Don't waite

To save your bastard son, you must not hesitate

Kim

The earth moves where I stand

I feel the turning of the wheel

I feel nothing in my hand not even the feel of steal

You will not take my child!

Thuy

You dont' know how to kill

Kim

I have no other Choice! What I must do, I Will
