When I drop the work in tha pot it bounce back like
elastic
How you do that I call it dope boi magic
Watch me work them plays like that 95 madden
How you do that I call it dope boi magic

I get it nine in tha morning by night it just plastic
How you do that I call it dope boi magic
I'm fresh ta death everyday like I jumped up out a
casket
How you do that I call it dope boi magic

Numba one
Turn a pair of bow Jackson raiders two
A fresh pair of mariallen gators three
Out ten niggas is sum hatas b4 its to late
Five shots to ya tataa 6 fully chromed fronted
Cotton candy coated Benz 7 grams of
Presidential blowing in tha wind
At 4am tha eight at nine touch down a beautiful play
In my neighbour hood so what now got one
O left you can snatch it 4 the seven
Nigga keep ya chirp on alert just like nine eleven the
12 kreepin threw the hood like Jason keep it moven
Friday 13th but bitch this ain't a movie
I was only 14 when I dropped my first deal
Made a 2way disappear like David Copperfield wala
I recorded this at 2:15 left dop boi magic beatin'
through your 15s

When I drop the work in tha pot it bounce back like
elastic
How you do that I call it dope boi magic
Watch me work them plays like that 95 madden
How you do that I call it dope boi magic

I get it nine in tha morning by night it just plastic
How you do that I call it dope boi magic
I'm fresh ta death everyday like I jumped up out a
casket
How you do that I call it dope boi magic
