[Verse 1]

Me I'm at this club not feeling it yet
We had to pass up on a party 'cause my neck wasn't
red, f*ck it
Me and the homie fizz got to the next
But the level don't change boring
Several doors, a black club, white owner, several floors
Packed with brothers trying to find a girl for a quick rub
No love couples come in and leave single
The same ol' but couple more shots and I mingle
Stil not excited while holdin up my drink
2-stepping to a song that I usually hate, damn
Somebody humps somebody that bumps somebody
That bumps into you makes you step on somebodys
shoes
Spill ten dollars on somebodys hairdo
That body turns, staring then screaming at you
And suddenly happens a thing that changes the whole
game
I apologize and ask for her name thinking to myself

[Chorus]

Girl you can blow my candle (yea)
If you say it's not too hot for you to handle
(Aww babe)
Girl you can blow my candle (yea)
If you say it's not too hot for you to handle
(Though it's not your birthday)
Girl you can blow my candle
If you say it's not too hot for you to handle
(Ooh baby don't stop, ooh baby don't stop)
Girl you can blow my candle
Oh girl you can blow my candle (yea)

[Verse 2]

Ooh baby don't stop
And please don't feel offended
I had to spin this track all for the happy ending

Rivalling the hollywood drama
Some people spend their life growing old asking
What they shoulda done, woulda done and die
nagging
I'd rather die naked with beautiful under the blanket
That sheet talk, pillow talk, you letting money walk
But when I'm in a good mood I'm the best sport
All on shorties they be so eager to bring it on
Beware Young roDDie is known to get it on
Mr. sooner or later, pour couple more shots
Constantly around couple more spots
Laying down couple more good cuts
For couple hip hop heads
Then I get to shake couple more butts
With this roddiefied music respect is due
'Cause I been checking it hard and I'm always true
Professional

[Chorus] *2
