[Intro:]

Give a nigga, give a nigga, give a nigga, give a nigga,  
give a nigga brain all day

She the type to give a nigga brain all day, she the type  
to give a nigga brain all day

Gi-gi-gi-gi-give a nigga brain all day, gi-gi-gi-gi-give a  
nigga brain all day

No I'm not a jerk, but I probably would say, she the type  
to give a nigga brain all day

Gi-gi-gi-gi-give a nigga brain all day

[Verse 1:]

She the type to give a nigga brain, head, throat

Same shit, I don't give a fuck, don't choke

Money old, old folks, get rich, not broke

She wet and we haven't even spoke, haha

Came in the game with a pen and a pad

Got stripes like plad, I'm sick, y'all mad

Headin' to her crib, I'm about to play tag

I'm a tag in that pussy gettin brain, don't gag

Take a trip to her pussy then I unpack

Sleepin on a nigga forever, you take a nap

Hands up five fingers to the face, slap!

Can't jerk cause I got the burner on my lap

These rap niggas whack, tired of they bull crap

And I'm feelin like Jordan I just need a voice chat

But back to the head, shawty brain so great

But I gotta girl, so I gotta earthquake...

[Hook:]

Give a nigga brain all day, she the type to give a nigga  
brain all

She the type to give a nigga brain all day, gi-gi-gi-gi-  
give a nigga brain all day

Gi-gi-gi-gi-give a nigga brain all day, no I'm not a jerk,  
but I probably would say

She the type to give a nigga brain all day, gi-gi-gi-gi-

give a nigga brain all day

[Verse 2:]

She the type to give a nigga throat, head, brain  
Same shit I might 69 like my aim  
No gang but I bang, all in your speakers  
Flow clean like new sneakers

Bitch gimme brain in the back of the bleachers  
Head so good make a nigga wanna keep her  
Hold up, gotta girlfriend so leave  
Flow so blessed when I write, I sneeze

All on her knees, like she prayin  
Gotta nigga powered up like Super Sayin  
Bitch gimme throat, now your mouth famous  
Baby I'm the shit, no anus ha

These rap niggas whack, tired of they bull crap  
And I'm feelin like Jordan I just need a voice chat  
But back to the head, shawty brain so great  
But I gotta girl, so I gotta earthquake...

[Hook]
