Might pull up on the scene with a japanese bitch
Eye's hella low all my nigga's getting rich
Diamonds in my wrist man you nigga's can't hang
She blowing on my dick while I'm blowing Mary Jane
Smoking two fat blunts at the same damn time
In a kush coma nigga I ain't gon lie
Goons on stanby if he wanna try
Choppa make you fly yo momma watch you die
Imma fly ass nigga C4i repping
Gone off Jose so I'm 2 stepping
Drunk got me turnt & the kush got me gone
Ice got me froze & I'm in my zone
If you ain't talking bout money, we ain't talking bout
nothing
Take her to the hotel guaranteed fucking
I love getting head & fucking bad bitches
Count my money & I don't fuck with snitches

You can't be my girlfriend but you could be my slut
Shea always wanna fight so I beat the pussy up
I'm feeling fucked up because the drank in my cup
She make that pussy pop then she start to back it up
You can't be my girlfriend but you could be my slut
Shea always wanna fight so I beat the pussy up
I'm feeling fucked up because the drank in my cup
She make that pussy pop then she start to back it up
