She know I'm getting money so she wanna join the team
But little did she know... she won't get a thing
She know I'm getting money so she wanna join the team
But little did she know... she won't get a thing

Bitch imam pimp fly like I had wings
Gold in my mouth gold in my pinky ring
Diamonds in my watch and my chain gotta bling
Bitch break bread if you wanna join the team

Got everything you need
Pills padaaaa and the lean
Bitch break bread if you wanna join the team
She know I'm getting money so she wanna join the team
But little did she know... she won't get a thing

Flexing in the club in my true religion jean
Gucci belt Swagging with a pocket full of green
TRAPfornia nigga and we fresh up on the scene
If you ain't talking money then I can't hear a thing
Got everything you need pills potta and the lean
I'm so fucking high I thought I had wings
Got yo bitch on my side she wanna join the team
I'm seeing shit that niggas can't afford to see in dreams

[x2:]
I'm super fresh I'm wet
Straight dipped inside perfection
Don't trust them so I never leave the crib without a weapon
I'm flexing in yo section
Got every thing you need
Keep a super bad bitch
Rolling up all my weed

She know I'm getting money so she wanna join the team

But little did she know... she won't get a thing
She know I'm getting money so she wanna join the
team
But little did she know... she won't get a thing
Bitch imam pimp fly like I had wings
Gold in my mouth gold in my pinky ring
Diamonds in my watch and my chain gotta bling
Bitch break bread if you wanna join the team
Got everything you need
Pills padaaaa and the lean
Bitch break bread if you wanna join the team
She know I'm getting money so she wanna join the
team
But little did she know... she won't get a thing

If you wanna join the team baby call me Papi Chulo
I be blowing mad kush I be way on Pluto
I be with yo main bitch hoping out that two doee
Flexing with my ice on pockets on sumo
Tatted like a cholo
Getting money like I should
Since yo bitch on my dick I fucked her in the hood
I'm rising with my Killas we going to the top
If you say the top is yours then we coming for yoo spot

[x2:]
Got that neana and it's hot
Bitch I'm coming down yoo block
I been feeling real ill since my homie got shot
So I gotta keep it cocked all them niggas wanna jock
Got yo bitch on my dick she fell in love with my cock

She know I'm getting money so she wanna join the
team
But little did she know... she won't get a thing
She know I'm getting money so she wanna join the
team
But little did she know... she won't get a thing
Bitch imam pimp fly like I had wings
Gold in my mouth gold in my pinky ring
Diamonds in my watch and my chain gotta bling
Bitch break bread if you wanna join the team
Got everything you need
Pills padaaaa and the lean
Bitch break bread if you wanna join the team
She know I'm getting money so she wanna join the
team
But little did she know... she won't get a thing
