I'll remain humble, my heart is always open because I
undersand, behind every great man is a stronger
woman
anything that u need after all that we've been through
girl there's no limit to tha things that I'm gonna do for u

Bridge:

and baby no matter how high I climb I'll always be two
steps behind u Cause every time I look in to ur eyes
I see tha pain that was cause and baby I apologize and
thats why I...

I think I should be the only one to luv ya and u should
be with me for the rest of my life I think I should be the
only one to luv ya and u shouldbe with me for the rest
of my life

Crack tha window baby, tha rain is on its way to wash
away ur worries baby from ur busy day like a jewel in
tha nile ur such a sight to see its hard for me to fathom
anyone loving u but me

bridge

chorus

So baby just tell me whats botherin u? And I'll, I'll be
right there for u case No man...
