Fantasy
somethin I can't give
a life that I can't live
you need anything but me baby
You want comittment but I don't
I said I will but girl I won't
I don't have time to spend forever baby
oh you make me sick why can't you except it?
you made an image that you think is me
oh it's so much harder than you know
letting you go
look beyond my face
can you still see me
or am I gone? just a fantasy
I look into your eyes
broken sanity
are you searchin for that fantasy?
you say it's me when it's just you
you don't except me and it hurts
you avoid the real me baby
I'm better off just by myself
I don't need noboddy else
go on and stop talkin to me baby
oh you make me sick why can't you except it?
you made an image that you think is me
oh it's so much harder than you know
letting you go
look beyond my face
can you still see me
or am I gone? just a fantasy
I look into your eyes
broken sanity
are you searchin for that fantasy?
~~~~~  
oh I've tried to  
show you  
who I really am  
But I'm just a boy  
and you

u need a man not me  
to provide a fantasy

I need a I need a I need a  
don't need your fantasy no
