Never say I love you love me if you don't really care
Never talk of feelings if they aren't really there
don't ever hold my hand if you plan to let it go
Never look into my eyes if you plan to lie
Never say hello if you think you'll say goodbye
don't ever say I'm the one unless you dream of only me
no

~

why say forever?
when you're going to break my heart
Why say you want me?
when you're just playing the part
Why'd you have to go and break my heart?
(never say what you don't mean)why do u wanna
leave?why u wanna leave me baby
(never say what you don't mean)are you ready to
tease?was it only to tease me baby?
(never say what you don't mean what you don't
mean)was it something I said?something I said baby?
(never say what you don't mean)was it something I
did? something I did to you baby?

~

never hold me tight and then leave me all alone
never ignore it when I'm calling on the phone
~~~~~don't ever pull it out if u can't satisfy me nope  
never climb on top if you don't plan to ride  
never wipe my tears after you have made me  
cry~~~~~  
don't ever say you've changed if you do the same old  
shit no

~

why say forever?  
when you're going to break my heart  
Why say you want me?  
when you're just playing the part  
Why'd you have to go and break my heart?  
(never say what you don't mean)why do u wanna  
leave?why u wanna leave me baby  
(never say what you don't mean)are you ready to  
tease?was it only to tease me baby?  
(never say what you don't mean what you don't  
mean)was it something I said?something I said baby?

(never say what you don't mean) was it something I  
did? something I did to you baby?

~

why say you're stayin  
when you're gonna leave?  
why say you love me  
when you're still doin the same things baby please  
why'd you have to go and break my heart?
