Yeeeeaaaah!

The beat went on and I just stopped,  
My hands are tied but my heart was not.  
You let go of me, to hold on to better things.  
In a world of Someones, I just wanted to be no one.  
Live my life on my own, selfish oh I know, but who  
would even know?  
Who would even know?

Oh!

I'm not one to be screaming Fuck The World.  
But muttered under long breaths,  
There's no life I would've rather lived.  
There's no life I would've rather lived.

I'm not one to be screaming Fuck The World.  
But muttered under long breaths,  
There's no life I would've rather lived.

Alone, alone, alone so alone,  
On and on and on and on and on  
Times have changed and I've changed perception, but  
I still remember.  
Alone, alone, alone, so alone,  
On and on and on and on and on.  
Never be so heavy-hearted  
Fleeting days remind me of how I used to be.

Immersed in my own regret,  
Smoking myself to sleep,  
But I will never sleep because sleep is the cousin of  
death.  
If I could change myself I would be a better man,  
But I just hang on to the boy inside,  
I'm never happy with myself,  
Living for the downside is far too fuckin' easy.

Alone, alone, alone so alone,  
On and on and on and on and on  
Times have changed and I've changed perception, but

I still remember.  
Alone, alone, alone, so alone,  
On and on and on and on and on.  
Never be so heavy-hearted  
Fleeting days remind me of how I used to be.  
Of how I used to be  
Of how I used to fuckin' be
