Between suicides and all your dirty lies
Are you looking sad for girls
Are you looking back for sympathy
So are you looking sad for girls

It's getting hard to say open your eyes
Needles haven't fixed anything
It's getting hard to say open your eyes

I guess we're millions of faces
Waiting somewhere for somebody else's place
To feel like home
I guess we're millions of faces (millions of faces)
Waiting somewhere for somebody else's place
To feel like home

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The sleepless hideout

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The cheapest the fabulous

Between suicides and secrets that you hide
Are you feeding pain like birds
Are you trading pearls for misery
So why you feeding pain like birds

It's getting hard to say open your eyes
Needles haven't fixed anything
It's getting hard to say open your eyes

I guess we're millions of faces
Waiting somewhere for somebody else's place
To feel like home
I guess we're millions of faces (millions of faces)
Waiting somewhere for somebody else's place
To feel like home

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The sleepless hideout

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The cheapest the fabulous

There is the same

Are you looking sad for girls, are you?
Are you looking back for sympathy (There is the same)
Are you feeding pain like birds, are you?
Are you trading pearls for misery? (There is the same)

I guess we're millions of faces

Waiting somewhere for somebody else's place
To feel like home
We're millions of faces
Waiting somewhere for somebody else's place
To feel like home

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The sleepless hideout

Love is a refuge with fears and doubts
It's the Jesus on your necklace
Love is a silence to your cry outs
The cheapest the fabulous

Between suicides and all your dirty lies
Are you feeding pain like birds
Are you trading pearls for misery
