Dawn's still fighting to feed the crowd  
A thousand lights, for million souls  
The town is burning and kids are proud  
Another dream has spilled the coals

Night's still floating to breed the spark  
A thousand lies, for million souls  
The town is kneeling and future's dark  
Another scheme to fill the holes  
Hope's a wrinkle bruising the eyes

I miss the voice inside my head  
For all the blames, every whisper  
Gave up the noise, wish I was dead

I miss the voice inside my head  
To kill the pain and surrender  
For all the blames, every whisper

I woke up late, the morning's gone  
Another day, another fall,  
Sometime I wish I crawl  
Dressed up with shame, one more story  
Hope's a wrinkle bruising the eyes

Night's still floating to breed the spark  
A thousand lies, for million souls  
The town is kneeling and future's dark  
Another scheme to fill the holes  
Hope's a wrinkle bruising the eyes

I miss the voice inside my head  
For all the blames, every whisper  
Gave up the noise, wish I was dead

I miss the voice inside my head  
For all the blames, every whisper  
To kill the pain and surrender

Daylight's fading, I'm far from home  
Craving for love, dying for truth  
The years I've roamed, wasting my youth

Sometimes I wish, sometimes I crawl  
Sometimes I dream I can't feel  
Anything at all

I miss the voice inside my head  
For all the blames, every whisper  
Gave up the noise, wish I was dead

I miss the voice inside my head  
To kill the pain and surrender  
For all the blames, every whisper

Sometimes I wish, sometimes I crawl  
Sometimes I dream I just can't feel  
Sometimes I wish, sometimes I crawl  
I just can't take anything at all

Sometimes I wish, sometimes I crawl  
Sometimes I dream I just can't feel  
Sometimes I wish, sometimes I crawl  
I just can't take anything at all
