Can I open my eyes
Yeah please tell me this is over with
I must be dreaming
There's no way I'm actually here

What the hells the point in going on now anyways
What the hells the point in going on now anyways

I'll beat my head against this wall, which will be the first
to fall
My eyes are bleeding, teeth are hitting the floor

What the hells the point in going on now anyways
What the hells the point in going on now anyways

While my list of words go daver
This one is way up there
Right next to candy cigarettes and non alcoholic beer
I have to admit you got me good
So I'll give credit where credits due
Throw in the towel wave the white flag
Stick up my hands and now I'm through

Goodnight, Goodbye
I don't think I can make it out this time
This has gone on for far to long
Call up the morgue and tell em, here's another one

Having sex since last December
Ashamed but I remember
All the rights that I've made wrong
Regrets and apologies
I have to admit you got me good
So I'll give credit where credits due
Throw in the towel wave the white flag
Stick up my hands and now I'm through

Goodnight, Goodbye
I don't think I can make it out this time
This has gone on for far to long
Call up the morgue and tell em, here's another one
