Said we shouldn't stay here
You think that we should leave here
This place gives you the creeps
I said I think that this is perfect
Have I told you I think that you're perfect
This place is just too dark to judge, anyone's mistakes

No offense but I'd love to make some sense of your
insights
Get to the bottom of the difference between you and I
Well maybe it's because you're spineless
No I bet it's because you're shameless

Bitch, whatever the hold on your heart is too cold
Just do us both a favor and just take mine

I wish that this could last forever
Will you stay with me forever
Please forgive me, I just can't take rejection anymore

Please don't runaway dear, I'm so sick of running away
dear
Did nothing you say mean anything to you

No offense but I'd love to make some sense of your
insights
Get to the bottom of the difference between you and I
Well maybe it's because you're spineless
No I bet it's because you're shameless

Bitch, whatever the hold on your heart is too cold
Just do us both a favor and just take mine

You said you'd understand this
Said help me to understand this
You're giving me the creeps
I'm sick of everyone being so perfect
Why are you so FUCKING PERFECT
Will someone please just help me now

I can't take shaking anymore
I cannot take you anymore

I can't take being me anymore
I can't take crying anymore
I can't take lying anymore
I can't take hating you anymore
I can't take drinking anymore
I can't take thinking anymore
I CANNOT TAKE THIS SO I WILL NOT TAKE THIS
ANYMORE

I can't take shaking anymore
I cannot take you anymore
I can't take being me anymore
I can't take crying anymore
I can't take lying anymore
I can't take hating you anymore (Can't take it anymore)
I can't take drinking anymore (Can't take it anymore)
I can't take thinking anymore (Can't take it anymore)
I cannot take this so I will not take this anymore (Can't
take it anymore)
