I've tried my worst to do my best  
But I'm a failure like the rest  
I don't deserve to walk this earth  
So rip my heart out of my chest  
Please don't cry if I die today  
Please don't leave flowers on my grave  
Tell all my friends to save their tears  
I never liked them anyway

Chew me up and spit me out  
Leave me twitching on the ground  
Point and laugh as I deteriorate

So douse me with a wave of fire and hang me out to  
dry  
Smother my lungs in black smoke  
Burn all of these words of mine  
I must confess I'm not impressed with everything I've  
done  
At least I have the guts at accept all that I've become

I'm just an insignificant  
Cheap lousy stupid selfish prick  
With no remorse for what I've done  
So cut me up but make it quick  
Please don't cry if I die today  
Please don't leave flowers on my grave  
Tell all my friends to save their tears  
I never liked them anyway

Chew me up and spit me out  
Leave me twitching on the ground  
Point and laugh as I deteriorate

So douse me with a wave of fire and hang me out to  
dry  
Smother my lungs in black smoke  
Burn all of these words of mine  
I must confess I'm not impressed with everything I've  
done  
At least I have the guts at accept all that I've become

I'm inspired, I've expired, Pull the plug on me

So douse me with a wave of fire and hang me out to  
dry

Smother my lungs in black smoke

Burn all these words of mine

So douse me with a wave of fire and hang me out to  
dry

Smother my lungs in black smoke

Burn all of these words of mine

I must confess I'm not impressed with everything I've  
done

At least I have the guts to accept all that I've become
