Come on boy she needs us now
This is what we drink for
Bow your heads and say your prayer
Remember god is a part of this war

Say goodbye to family and friends
No need to wish me luck I wont be seein' you again
I'm one of the few the proud and the false

False hopes and false accusations
Look at me you let the whole human race down
Don't give up don't give just stand your ground
Don't give up don't give in you're not alone

Come on boy she's bleeding now
What are you waiting for?
Hurry up there's no time for prayer
We're in the middle of a war

Say goodbye to family and friends
No need to wish me luck I won't be seein' you again
I'm one of the few the proud and the false

False hopes and false accusations
Look at me you let the whole human race down
Don't give up don't give in just stand your ground
Don't give up don't give in you're not alone

Come on little soldier what did you expect?
Remember what they told you, you were destined for
this
Come on little soldier what did you expect?
Remember what they told you, you were destined for
this

Say goodbye to family and friends
No need to wish me luck I won't be seein' you again
I'm one of the few the proud and the false

False hopes and false accusations
Look at me you let the whole human race down
Don't give up don't give in just stand your ground

Don't give up don't give in you're not alone

False hopes and false accusations

Look at me you let the whole human race down

Don't give up don't give in just stand your ground

Don't give up don't give in you're not alone, not alone
