The room explodes  
Ashes fall from the sky  
With all the coulda done, shoulda dones  
Times that I never try

A mushroom cloud  
Bellows up to the sun  
And I am breathing in breathing out  
The ton of smoke filled lungs

You should have seen the look in my eyes  
The night I sat aside and watched it die  
Now I'm gonna get it right, this time.  
I took a shot in silence, a charade  
And now they drink to wash it all away  
Now I sat alone today on this stage

The room explodes  
Ashes fall from the sky  
With all the coulda done, shoulda dones  
Times that I never try

A mushroom cloud  
Bellows up to the sun  
And I am breathing in breathing out  
The ton of smoke filled lungs

Like a fading picture on a wall  
Like the time we watched the towers fall  
This foundation is caving in

You should have seen the look in my eyes  
The night I sat aside and watched it die  
Now I'm gonna get it right, this time.  
I took a shot in silence, a charade  
And now they drink to wash it all away  
Now I sat alone today on this stage
