You're afraid to make your move  
But you stop us in our tracks  
Game-point-match  
now I'm standing here inside these walls you've built.

It's tragic, our story.  
But we were never meant to be  
And I can safely say we're through.

So the night precedes the day  
But it carries us away.  
Yet on tethered wings we're losing time  
And it's getting us nowhere  
As I fall... oh it's over  
As your eyes turn grey.

And you're gone again without a trace.  
And it's killing me just to see your face.  
A horror of a situation,  
It's a slap to the wrist  
With a razorblade kiss  
And I can taste my blood on your tongue

So the night precedes the day  
But it carries us away.  
Yet on tethered wings we're losing time  
And it's getting us nowhere  
As I fall... oh it's over  
As your eyes turn grey

I hate you're apologies  
They're only killing me  
Don't say you're sorry to me.

So the night precedes the day  
But it carries us away.  
Yet on tethered wings we're losing time  
And it's getting us nowhere  
As I fall... oh it's over  
As your eyes turn grey

Did you want to see me stranded?

Well I'm stranded.  
Did you mean to break my heart?  
Cause it's breaking.

It's over and it's all your fault
