His only thoughts were of her.
On a quest to rescue the damsel in distress,
The scent of her skin can make him go for miles!

Alice, Alice... Her name made him smile
Alice, Alice... Her name made him smile
Still his heart aches as he misses her,
Her image guides his way.

False accusations led to their separation
Banished to a land far far away. (So far away)
False accusations led to their separation
The evil souls couldn't let their love be.

High up in her tower
Alice... She waits for her prince's arrival. (Day by day).
Day by day his misty eyes were all she wanted.

False accusations led to their separation
Banished to a land far far away. (So far away)
False accusations led to their separation
The evil souls couldn't let their love be.

They both sat.
Together in their minds, worlds apart. United only in a
dream.
Alice, Alice, Alice...
Alice and her prince
