Waited at to strip your for... what I'm proud
The peas is sour, be gone in a matter of hours
Some like the pharaoh, lv all on my...
Dna all over the barrow
Obsession got the road to the riches get narrow
That's why I'm in the hood throwing bricks bows and
arrows
Beef is still... snitches is still...
Remember this, you only breathing cause we allow you
Crib so big I need a ride to the living room
Spend so much with my connect, we deliver them
We out here going hard, they love what we giving them
Leaning, naughty,... shivering,
Same young boys that was beating on the...
Couple of them on the jail turned into gladiators
And when the kids as where the food?
Can't tell them that daddy ate it, that's why...

[Chorus]

In New York they love me, they say I'm the king
Oregon love me like they love beef
West coast love me, they say that I'm hot
Oregon love me like they love Pac
I'm probably be the greatest, but these things are
never said
I'm probably be the greatest, but these things are
never said

I'm the definition man of what the truth is
Pac and Biggy mixed, I'm Notorious 2 Big
He wasn't on the net, the streets wanna know who you
is
Born on the block, I ain't never been the new kid
You kid, you a mock... bird
No thug, no gangster, just square, all nerd
Bitch boy, no... you the scary type
The type to catch bullets all day like Jerry Right
My freestyle mean... very nice
Fly as the jet, like I'm living... life
You ain't balling, you all on a lockout

All eyes on me like when they let Pac out
... I'm still on my raider shit
Going bunkers out... cause...
Let's face it, I'm hated and underrated
... Mayweather, motherfucker I'm the greatest

[Chorus]

In New York they love me, they say I'm the king
Oregon love me like they love beef
West coast love me, they say that I'm hot
Oregon love me like they love Pac
I'm probably be the greatest, but these things are
never said
I'm probably be the greatest, but these things are
never said

I'm probably the greatest, but I never claim it
I'm good just being famous
I'm good just... flame is
And rip your fucking dope through your anus
And leave your face...
... father, I keep it classy yo
If time is money, why the fuck you gotta gas it yo
I'm a wild thing... Ricky Vaugh
Catch me selling Charlie Sheen to some leprechauns
... pure ecstasy, I'm a chemist in the kitchen with the
recipe
... the clock and do it in my right
Is how I stay young, time is on my side
My life elevated, you still in the same place
You should be a thief, cause you steal in the same
place
I got a hood bitch, call her a poodle rap
... shot nigger, you could google that

[Chorus]

In New York they love me, they say I'm the king
Oregon love me like they love beef
West coast love me, they say that I'm hot
Oregon love me like they love Pac
I'm probably be the greatest, but these things are
never said
I'm probably be the greatest, but these things are
never said.
