Okay now take a drink with me  
and if you drink I hope that you don't fall up under the  
influence  
'cause I've been under the influence of people that had  
no flunce,  
and this is how I feel like I'm living in this ghetto,  
where all they talk is nig latin and then they speak it  
fluent  
if you living then they shoot you, and draining all your  
fluids,  
if you ever know what I'm talking about then you've  
been through it,  
I've been through it and so much through it that I am  
through it  
all this things that they could say that they've done  
I already did it or I do it, prove it,..nuve it, I just, I just  
gett it,  
they could move it, I just move it this is more than a  
movement this is truth  
state that I prove it if you ever been where I've been,  
this is like a bowel movement  
how they keep on shittin on you, gettin' on two more,  
life theyâ€™™ Il never ever written on 2, I commit it I am  
did it,  
I was hittinâ€™™ on you, when they creepin I was  
peaking, I was up while you was sleeping  
they was sheeting I was never ever losing, never die,  
never woken  
I was aching, living like up under the rock, no Satan it's  
been saken its been stating,  
some forsaking, some our make it, some will make it,  
some will not, some will be sacrificial lambs to,  
those that feel like they could make it brother of  
emâ€™™ ,  
Abraham, son of Sam, son of man, son of han ham,  
damn damn sandwich, no hold in the goal, and is  
stuck,  
tryin to make it, tryin to ball, but you never know,  
'cause if you make it now the first thing they say that  
you sold your soul,  
soul is not for sale sale for soul and if the the solar  
system,

siles then I feel like I will soul and if they know  
and everything they wanna go, fish fried no soul  
gat, snap her I was at your basabasa I will rather  
smack a rapper ??lapachapa?? and spit this f\*ckin  
chapter till it's rapture time  
I be at your mind, this this slap your mind, rap you  
mine,  
detach everything that you had in your mind,  
you grind but you still see, and you'll see but you still  
blind  
if you Ray Charles and you Stevie Wonder then you will  
brail on my rhymes,  
never fail real road, rail road Harriet Tubmen up this  
rap been underground still,  
hopefully never get escape but if I'll make it free,  
up north star Fredrick Douglas be my quote, quote, talk  
if they rock it then I'll never see you both  
Christopher Columbus if they try to sail, they will never  
make it to  
me 1492 I will never understand no waters blue ..just  
blew inside  
the eyes of owners of the slave slave owner  
I condone her in my ID never say donate,  
'cause I ain't giving shit, only thing that I'm giving is  
this living shit  
these rappers just be acting like they in it too in it sue,  
so Im vibin in it, in it, ghetto tin it, tin it,  
rented house, never own, only an apartment and got  
really cool,  
really soon so I'm deep diving inside this swimming  
pool,  
swimming to, a, nother place that I don't know  
and if I sink in the Atlanta hopefully I can inoculate  
with those left as I implement the style  
that I will give you with my breath,  
hopefully the souls of those that have some  
when I got through of those talk of passage when they  
lock and they stuck  
I will raise and God damn it, this is panic, this is tragic,  
this is in it, this is feeling up of a Jackson being  
departed,  
like the no show of Janet, over the parture of Miko and I  
still just Mike Michael  
and they say that my flow psycho, but its nitro and Im  
hype though and I know that anything I do  
they say won't be good enough, in any place I go they  
still say that it ain't hood enough  
but I was raised in Oakland and man if that ain't hood  
enough then ya niggas ain't open in,  
to where I've been good enough,  
shit, I done been through more than most of these

rappers,  
cause most of these rappers and they be lying about  
this shit they done did  
they be talking about they ballin but still they won't take  
care of their kids  
child support and I support I abort I, I support,  
I, I fly, I tour and if I'm flyin north and flyin west the best  
and yes in czech ..yes digest ..who spit it when I get it  
you can have it  
freestyle king, open your eyes.
