So you left me here without a single said goodbye  
No words were exchanged just a handful of your lies  
Going back through the years  
I didn't think this would apply  
Here I am and now you're gone  
So all I have now left is time, is time.

So I sit here and lie  
Pondering on thoughts of time.  
What has come, what has gone  
And how you seemed to prove me wrong  
So I'll do all I can, try so hard to understand  
That things will never be the same.

Ten o'clock Thursday night  
TV's on, my brain is fried  
Thinking back to good ol times  
When we were young and all was fine  
As you see, times have changed  
Where do I run and who to blame  
But still I'm here and yet you're gone  
I guess I'll just have to move on, move on.

So I sit here and lie  
Pondering on thoughts of time.  
What has come, what has gone  
And how you seemed to prove me wrong  
So I'll do all I can, try so hard to understand  
That things will never be the same.

You want this, you got it  
Does it make you happy to see me like this  
Does it hurt you that this kills me  
Or is it exactly what you want?

So I sit here and lie  
Pondering on thoughts of time.  
What has come, what has gone  
And how you seemed to prove me wrong  
So I'll do all I can, try so hard to understand  
That things will never be the same
