All over my shoulder, half-seen
Turn your back on me
Say sorry, don't harm me no more
Lock down the door.

All I see is life's biggest mystery.
To learn as you crawl
Or stand beyond the great big fall.

Always depressed by the weight of the world
Nothing's around but the sound
I am wrong, I am wrong
You're so strong

Always depressed by the weight of the world
Nothing's around but the sound
I am wrong, I am wrong
You're so strong

Take my only, most lonely sat here
Alone I sit in fear
Now I play tough for the mess up we made
Too proud to turn the page.

All I see is life's biggest mystery.
To learn as you crawl
Or stand beyond the great big fall.

Always depressed by the weight of the world
Nothing's around but the sound
I am wrong, I am wrong
You're so strong

Always depressed by the weight of the world
Nothing's around but the sound
I am wrong, I am wrong
You're so strong

All I see is life's biggest mystery.
Learn as you crawl
I am wrong, I am wrong
You're so strong
