Gravity
Pulls me down
But I wish it was the only thing
It was never meant to be this way
I'm sure you don't forget

I almost
I almost
I almost stood out
Just a face in the crowd

Can I pretend that I was on the run?
And everyone was everywhere?
Fall down
But I can't feel you
Standing still

[Start all over
Start all over
Start all over]

Can I pretend that I was on the run?
And everyone was everywhere?
Fall down
But I can't feel you
Standing still

Empty feat
Were all I gave you
Empty feat
Were all I gave

Run the shadow
In the last time
I could fall
You know my name
My instant life
Walk in the open
May I fail to.. woah.

Can I pretend that I was on the run?

And everyone was everywhere?
Fall down
Can I pretend that I was on the run?
And everyone was everywhere?
