I'm talking to, you got it, you got one over me
'Cause there's no contest, there's no contest
This isn't fair, do you what you want tonight
I'm knocking off
Do what you want, say so, and lie can't far
Do what you want tonight
Still knocking off
Do what you want, just say so

I'm here for you, but trust you to stare at crossing for
me

Say one, I'm coming on strong
So which is the difference?
This is a special occasion
This is a special occasion

Out of it too, at least I, gather this is, for me

So now I take it, do you want to take it?
This means war, war too far
So now I take it, to do you want to take it?
This means war, war too far

Look at this default, do what you want tonight
I'm locking up
Do what you want, say so

I'm talking to, things that you want things that you got
Do what I can

And it's one, coming on strong
So which is the difference?
This is a special occasion
This is a special occasion

I'm slipping too, at least I gather this, always

Now I'm taking do you want to take it?
This means war, war to form
Now I'm taking do you want to take it?

This means war, war to form

But this is here and I called for back up
Day
But this is here and I called for back up

This is a special occasion
This is a special occasion

Now I'm taking, do you want to take it?
This means war
Now I'm taking, do you want to take it?
This means war, war for me
I parted now
