A fool to call me an angel, you're an angel that's right

I'm off the record, I'm unable to fight

That's why I

I want to be able to crawl along

I'm unable to turn underground

I want to be able to go that way

I won't take an equal this is one day

To go forward, I have to crawl, I have to crawl

To go forward, I have to crawl, I have to crawl

Crawl

Time wastes them all away

What am I son through common form of questioning?

Crawl

When I'm 'cause it's OK to crawl

When I'm 'cause it's OK to crawl
