On, seeking people, the problem is that you won't get

You can't see with this, find a -

Teacher, ...
Point it, point me at me
Teacher, save it for a neighbour
Teacher, save it for a neighbour

Teacher, seek it for the rest of us

Hey, darkened friday

What did you say? (What did you say...)

Teacher, sick of the right people
Teacher, sick of the right people
Teacher, sick of the right people
Teacher, sick of the right people
