The telephone's not answered
So many times you'll call
For many different reasons
So many tears will fall

Before you find your love
Before it comes knocking at your door
Before you know for sure
This is what you were waiting for

So many tears will haunt you
Deny them or regret
Some man will make you want to
And you will not forget

Before you find your love
Before it comes knocking at your door
Before you know for sure
This is what you were waiting for

There's a story of a man
Who loved too much
He ended up inside a prison cell
You've got to want to give to get it

Or you could land up
In the same suspicious hell
It's happened before
It's happened before

Coincidence and patience
Will mend this fatal flaw
Though it may seem a long wait
Others have been here

Before you find your love
Before it comes knocking at your door
Before you know for sure
This is what you were waiting for

One day when the phone starts ringing
You'll answer to the words you're longing for

No tears, no trade, no prison cell
Whatever you need, he will return more
It's happened before, it's happened before
