You're perfect
So perfect
In every single way
There's nothing I could change
You're lovely
So beautiful
Your eyes are like the sun
And I know that they're on me

Don't You know that I want You so

Now I have seen Your face
The warmth of Your embrace
I could never turn away
And the beauty of Your Name
A song could not contain
But I'll sing anyway
Anyway anyway

My Jesus
My saving grace
You're everything to me
I know I've found my place
In Your hands
In Your life
You take away the pain inside
You gave me life
