Wherever you are  
Whatever you've been going through  
God says the struggle is over for you  
You've been in this place long enough  
And your mountainside has been rough  
The struggle is over for you

Wherever you are  
Whatever you've been going through  
God says the struggle is over for you  
You've been in this place long enough  
And your mountainside has been rough  
The struggle is over for you

The struggle is over  
The struggle is over for you  
The struggle is over  
The struggle is over for you

The struggle is over  
The struggle is over for you  
The struggle is over  
The struggle is over for you

Your heartache is over  
Your heartache is over  
Your heartache is over  
Your heartache is over

The trouble is over  
The trouble is over  
The trouble is over  
The trouble is over

Your struggle is over  
Your struggle is over  
Your struggle is over  
Your struggle is over  
Your struggle is over for you

You've been in this place long enough  
And your mountainside has been rough

The struggle is over for you

I've been in this place long enough  
And my mountainside has been rough  
The struggle is over for me

You've been in this place long enough  
And your mountainside has been rough  
The struggle is over for you
