La la la  
La la la  
La la la  
La la la

Remember the time when we used to play, yeah yeah  
Knock down ginger and we braid hair  
Drunk slush puppies every day and  
Now you're not around

A trip to the sweet shop, oh, was a treat  
When your mama gave us 50p  
What happened to those good old days  
You ain't here with me

So how you been? I know I haven't seen you  
I heard you were working, not as much as you do  
Just keep trying, maybe I'll come and see you  
You know I'm gonna be here

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side

La la la  
La la la  
La la la  
La la la

Remember the time when we took the train, yeah yeah  
Got home late, my mum had gray hairs  
Sleepovers on Saturdays, yeah  
Girl, I miss those days

Remember when Bobby Brown was the craze  
We used to sing along like everyday  
What happened to the pact we made  
To never separate

What you doin' at 8? Coming round to see you  
Don't be late, there's so much that we should do  
Just like old days, got everything to tell you  
Good friends don't come easy

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side

Wherever we've been along the road  
You've always been a friend to me, I know  
I'll stick with you till the end through thick and thin  
You'll always be my best friend

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind, I had to leave you for a  
while  
I felt empty deep inside without my best friend by my  
side
