On March 16, 1521  
When Philippines was discovered by Magellan  
They were sailing day and night across the big ocean  
Until they saw a small Limasawa island

Magellan landed in Limasawa at noon  
The people met him very welcome on the shore  
They did not understand the speaking they have done  
Because Kastila gid at Waray-Waray man

When Magellan landed in Cebu City  
Rajah Humabon met him, they were very happy  
All people were baptized and built the church of Christ  
And that's the beginning of our Catholic life

When Magellan visited in Mactan  
To christianize them everyone  
But Lapu-Lapu met him on the shore  
And drive Magellan to go back home

Then Magellan got so mad  
Ordered his men to camouflage  
'Mactan island we could not grab  
'Cause Lapu Lapu is very hard'

Then the battle began at dawn  
Bolos and spears versus guns and cannons  
When Magellan was hit on his neck  
He stumble down and cried and cried

Oh, mother mother I am sick  
Call the doctor very quick  
Doctor, doctor shall I die?  
Tell my mama do not cry  
Tell my mama do not cry  
Tell my mama do not cry

That's the end of Magellan  
In the island of Mactan long time ago  
Ladies and gentlemen
