Bloody sweater, red and green
Scared of what this may have been
Freddy K. on Elm Street
Feet and feet of bloody meat
Jason V. in Crystal Lake
Dismembered teens is what he'll make
Carrie White, what a fright
Killed them all on "Prom Night"
Norman Bates and his motel
The shower's now a bloody hell
Run away from Penny-wise
A ghoulish laugh behind them eyes
The Creature from the Black Lagoon
Gave us all an ebb-tide tomb
Vampira, Morticia, Lilly, and Elvira!!!
These are all my monsters
Enough to make you scream
These are all my monsters
I want a nightmare not a dream
Frankenstein and his Bride
Victor should've made her mine
Blair Witch, crazy bitch
Oh no no baby how I wish
Crypt keeper, Bloody Mary
Baby, baby you're so scary
Werewolves, Zombies, Vampires
These are all my monsters!!!
These are all my monsters
Enough to make you scream
These are all my monsters
I want a nightmare not a dream
Looked in the mirror
Said "Candyman" 5 quick times
What do I do to make her mine
