"Bare My Soul"

Visit "[Bare My Soul](#)" on MotoLyrics.com

I say these words to ring in your ears
I want these words to sing to your soul
To wrap around your eyes like a glimpse of tomorrow
Today our joy outweighs all our sorrow

CHORUS:

I will bare my soul to you
Do anything you ask me
I'll bare my soul to you
This is the best that I can do
I'll bare my soul to you

You think you know the man that is me
The one your heart demands you to see
When fear has made a lie of our perfect perception
The truth of love is in our redemption

CHORUS

Oh I say these words - they're ringing
Can you hear these words I'm singing
I will bare my soul to you

CHORUS
