I can not hunger any longer.
I will not starve another night.
Bodies calling.
Flesh is crawling.
I've gotta feed tonight.
I'll lick the blood right off of your bones.
And I will smile at your spine.
Creeping, preying.
Psychos playing.
Now your flesh is mine.
My murder only knows one high.
And tonight I'll watch them die. I'll watch them die.
Fighting for my undead afterlife.
Now die!
My murder only knows one high.
Addiction burns me deep inside.
And when I want to lick the flesh and bite them bones
I will watch them die.
I'll watch them die.
Fighting for my undead afterlife.
I'll watch them die.
Fighting for my undead afterlife.
A riot for the flesh tonight.
