Welcome all my honored guests  
To the ultimate duel of the best of the best  
At my invitation you come to compete  
For the honor of suffering the final defeat  
Isn't it grand what I've managed to do  
By kidnapping those closest to you  
I've taken their souls to lay on the line  
In a winner take all duel for all time  
Let's play the game  
I'm sure you all know how  
But watch yourselves my foolish friends  
You're all in my world now  
Face up, Face down. Attack or Defend  
Face up, Face down. This battle's to the end  
Face up, Face down. Stay on guard  
Face up, Face down. Play your strongest card  
My arena waits us all  
I built it myself, it is just down the hall  
I wish this day hadn't come so fast  
You see I truly wanted your pain to last  
Face up, Face down. Attack or Defend  
Face up, Face down. This battle's to the end  
Face up, Face down. Stay on guard  
Face up, Face down. Play your strongest card  
All your cunning strategies, all the tricks you try  
Look like merely child's play to my Millennium Eye  
Ha, ha, ha, ha! Your turn Yugi-boy  
What's wrong now you look so sad?  
Losing your soul doesn't feel that bad  
Those you love have told me so  
And soon my friends, you too will know  
Let's play the game  
I'm sure you all know how  
But watch yourselves my foolish friends  
You're all in my world now  
Face up, Face down. Attack or Defend  
Face up, Face down. This battle's to the end  
Face up, Face down. Stay on guard  
Face up, Face down. Play your strongest card  
Face up, Face down. Attack or Defend  
Face up, Face down. This battle's to the end  
Face up, Face down. Stay on guard

Face up, Face down. Play your strongest card
